Swede	No Spray	Wye
Apples		Maidstone

I was planning to get tomatoes again this week, but the poor weather has meant that they have not ripened. I have had to get some beet instead. I always roast the beet in the skins as they come of easy when roasted. This cold weather is still delaying the rhubarb and purple sprouting. At least two weeks ☹.

It is fish box week next week so if you want to take part please let us know asap, or order online. I shall be ordering Tuesday from Griggs. I have also put a new meat box online, a basic one, that just has weekday essentials such as sausages and mince in; priced at £18. Check out the shopping website www.lovekentshop.com

Next week we start delivering the Sundridge & Brasted School. We have done a deal where we deliver to site for the parents, and because we deliver several boxes to one site we are refunding the delivery charges of £1 per box per week to the school. I have put some more information on this on the website, but if you would like us to run a similar scheme for your child's school please get in touch. Early signs are that the scheme will generate so nice funds for the school.

I am finishing here again this week as I am sort of on leave still. Back to normal next week, if there is such a thing.
